# JUDAISM'S STRANGE GODS

Scriptures for America DragonSlayer Volume 2, 2025

In [Judaism's Strange Gods](#), Christian scholar Michael Hoffman documents his provocative thesis that Judaism is not the religion of the Old Testament, but the newly formalized belief system of the Pharisees, which arose in Babylon with the commitment of the formerly oral “tradition of the elders” to writing, in the wake of the crucifixion of Israel’s Messiah and the destruction of the Temple.

Basing his findings on authoritative Judaic sources, Hoffman demonstrates that Judaism is a man-made religion of tradition and superstition, which represents the institutionalized nullification of Biblical law and doctrine.

Liberating the reader from the accumulated shackles of decades of misinformation, this books shows that Judaism’s god is not the God of Israel, but the strange gods of Talmud and Kabbalah, and the racial self-worship they inculcate.

Christian bookstores are packed with tomes purporting to unmask the religion of Islam, but not one slim volume will be found delving into the depravities of Orthodox Judaism.

[Judaism's Strange Gods](#) corrects that imbalance with it’s fidelity to Biblical truth and the historic witness of the Church.

## Greetings Remnant!

I hope and pray this Volume 2, 2025 of the DragonSlayer Newsletter finds you well and thriving! We continue on in this Newsletter with more on Spiritual Warfare, The Death of JFK Jr. and Lamp Trimming time! It is definitely a variety of unique subjects but all tie together when you have the eyes to see.

*All scripture is given by inspiration of God and is profitable for doctrine, for reproof, for correction, for instruction in righteousness.*

**2 Timothy 3:16 KJV**

I recently read an article titled “Convictions and Repentance.”

It reminded me of the preaching of Pastor Peters and specifically the message, “Church Growth and the Power of Crap.” I often heard him say, “the sermons might not be that good but at least the titles are catchy.” I believe the sermons were indeed good and so thankful that we have them today. I call them timeless and often find myself scratching my head thinking to myself it is like these messages that the pastor was preaching are for today and not for 30-plus-years-ago when he originally put them out.

The article I read starts out like this. “Something horrible is happening in our churches and only the people can put a stop to it. We are attempting to grow churches, but we are neglecting the Word of God and not following the pattern for Christianity that God has ordained in His Word. Today, our lying pastors are leading us into futility. These lying and deceived, positive ear-tickling pastors are preaching, “another Jesus,” lying to us that we don’t have to deal with sin in our lives. The cross that Jesus Christ died on is all about sin and the cleansing power of His blood. God has a divine order, and it is becoming evident that these pastor’s deviation from God’s order is producing dead religion and not the vibrant, abundant life that we are to experience through the completed work of Christ.”

I posted the whole article on the SFAWBN Newswire, at WWW.SFAWBN.COM and it is worth a read. It was more than a second or third witness to what I have been seeing of late, and that is people questioning their pastors, calling them on lies, people waking up! It has to be a working of the Holy Spirit and Praise the Lord, it is happening!

## Scriptures for America DragonSlayer Volume 2, 2025

All across this Nation, we are seeing a decline in church attendance and an increase in Bible sales, i.e., people getting back to knowing their God!

*This is exciting!*

**John 1:1** *In the beginning was the Word, and the Word was with God, and the Word was God.*

**Gallup Poll, March 2024:** Church Attendance Has Declined in Most U.S. Religious Groups

**From Christianity Today:** According to data from the book tracker, Circana Bookscan, Bible sales increased by 22% in the US through the end of October 2024 compared to the year before, while total US print book sales only increased by less than 1% in that same time frame.

What a start to the calendar year of 2025! From the multiple record-setting fires in California and Western North Carolina, to the fiery events with the Nation's new Administration, both here in this Nation and abroad, January 2025 has been anything but normal. It is encouraging, Remnant, to see that truths that have been preached from this Ministry for so long are finally coming out, and from many different areas, whether it is truths about the dangers of vaccinations, truths about the Israeli's and their attack on the USS Liberty, or truths about the poisons found in our nation's foods. Pastor Peters' used to call the truth-seekers *truth-junkies*, and as the truth gets told, the numbers of *truth-junkies* grow larger and larger! Praise God for that!

*You shall know the truth, and the truth shall make you free.*

**John 8:32**

Remnant, please keep us in your prayers here and know that we keep you in our prayers as well.

In Jesus Christ's service first,  
Pastor Peter John Peters' second,

#### Spiritual Warfare: The Prince of the Air and his Weapons of Mass Destruction

In Ephesians, the Apostle Paul gives us a new title for Satan. Paul refers to him as, “The Prince of the Power of the Air.” (Ephesians 2:2) This isn’t to say that Satan has dominion over the air (as that belongs to God) but I do believe it means that Satan has free reign to utilize “air” as a battlefield to wage war against us using his soldiers, “unclean spirits” and demons.

Later in Ephesians Paul writes;

*In addition to all, taking up the shield of faith with which you will be able to extinguish all the flaming arrows of the evil one.*

**Ephesians 6:16**

Now I don’t know how many of you have ever pulled the string back on a bow and loosed an arrow but you probably know that the arrow cuts through the air like a missile looking for a target when it happens.

Now that we have established Satan’s battlefield is the “air” and his soldiers are the ones shooting the arrows, lets dig deeper and find our where these battlefields are located and refresh our memories on the identity of Satan’s soldiers.

The last time we visited we established clearly who does the work of the devil here on earth. The accursed people, Esau-Edom (the Jews) are the workers of evil and are hell bent to steal, kill and destroy God’s people. Jesus plainly states His position on the Jews when he said:

*You are of your father the devil, and you want to do the desires of your father. He was a murderer from the beginning, and does not stand in the truth because there is no truth in him. Whenever he tells a lie, he speaks from his own nature, because he is a liar and the father of lies.*

**John 8: 44**

Its not hard to imagine these accursed people firing flaming arrows dipped in lies, deceit and filth but just how do the arrows fly through the “air” towards the intended target?

#### PRINT MEDIA

The advent of the printing press and movable type revolutionized the world. The ready availability of printed material to the masses meant for the first time in history a need for our people to be literate. What a blessing to be able to read God’s Word for ourselves and not be dependent on controlled clergy. The enemy knew the threat this posed for their order and very quickly went to work to co-opt and control this new technology.

There is not a greater example of control than that of the influence and ownership of early American newspapers. The golden era of American news print started in the middle part of the 19th century. Most major cities had more than one newspaper with some having 3 or more competing for readership.

In most cases there were morning editions and evening editions distributed throughout the land. Not to mention the invention of the print magazines and tabloids that were so prevalent in the time. Very quickly the accursed people learned to control this new media. The reporters, writers, printers and owners all worked in tandem to control information to change the hearts and minds of the reader. What a mighty weapon indeed.

One last thought on print media and how it relates to a weapon utilized by the soldiers of the Prince of the Power of the Air. Ink will smear, run and being ruined if not allowed to dry.... only after contact with the air does it become powerful.

### Scriptures for America DragonSlayer Volume 2, 2025

#### RADIO AND MUSIC

As the 19th century ended in America, a new and exciting technology was waiting to usher in the new century. Nothing more shaped and defined the early part of the 20th century than the expansion of commercial radio.

Newswire services like the British Broadcasting Corporation quickly moved to break the monopoly held by the newspaper owners by offering news broadcasts over the air. In what seemed like magic, powerful voices filled American homes with news, information and entertainment from around the world. Once again, the enemy realized the amazing power of this new medium. Radio broadcasts could indeed be used as a weapon...a weapon of mass destruction.

To this point in America, mostly affluent families were able to educate their children, whereas the lower classes were semi-literate, especially in rural areas outside of major population centers. Now there was a way for the soldiers of Satan to reach their prey without the need to be able to read or write. All that was needed were ears that could hear. No matter age, color, ethnicity or education level, everyone became a target of control.

Consequently, this opened the gate of the modern public-school system. No longer was reading, writing and arithmetic the order of the day. Rather, indoctrination, integration and social experimentation became the mission. Are you starting to see now the weapon of mass destruction?

The damaging influence of radio onto America culture of the time is hard to measure. There is no doubt that the seeds of Communism, race-mixing, and the lie of a multi-cultural melting pot were sown and took root during this time. Those seeds were certainly cultivated by the constant fertilizer which was spread daily to the fertile minds tuning into the next radio broadcast.

The damage done to our people through radio could fill up a book. However, for the purpose of this article I would like to focus on music. Specifically, the music I experienced firsthand in my generation, rap music: How it was used as a weapon and who fired the fiery arrow.

There is no doubt the music industry has been dominated by Edomites for some time. Don't believe me? The following music companies were all founded by Jews.

See if you recognize any of them.

- Atlantic Records
- Mercury Records
- MCA
- Dunhill Records
- Folkways Records
- RCA Records
- Chess Records
- Warner Music Group
- Imperial Records
- Arista Records
- Geffen Records

This list doesn't include the dozens of recording labels, production companies and management companies headed by Edomites. Now if we know these are the accursed people and they will be forever at war with God's people; isn't it likely they would utilize the power of music to attack and weaken us?

# SPIRITUAL WARFARE:

## PART 2

10

### Scriptures for America DragonSlayer Volume 2, 2025

Two recording companies in particular were incredibly successful in doing this, Def-Jam Records, which was founded by Rick Rubin, and Ruthless Records, which was founded by Jerry Heller (both Jews who were doing the work of their father).

Def Jam Records is credited with starting the “Hardcore Hip-Hop” genre of rap music which came from the east-coast, whereas Jerry Heller was the father of “Gangsta-Rap” which originated in California. Both of these companies produced material that glorified in great detail rape, drug dealing, violence, hatred of whites, and generally any other immoral act you can imagine.

At this point you may be saying, “Who cares if these Jews were targeting inner city black culture with this filth?” Would you be surprised if I told you the targeted audience was not inner-city blacks but suburban white youths?

You see, the Baby Boom generation was brought up during the golden age of radio and were the first generation to be indoctrinated via the airways and public-school system. The fruit of the seeds which were sowed during that time was a generation of tolerance of immorality, an acceptance of all cultures and a fear of being labeled the dreaded “R” word...racist.

The children of the baby boomers did not know their culture. They were looking for fulfillment and the enemy was all too ready to use the airwaves to feed them filth. The results have led to a generation of cultural confusion, violent video games, school shootings, mall shootings, the trans-gender non-sense, etc.

Pay attention when you are out and about. Look at the young white men driving around in pickup trucks with the windows down. Listen to the music they are blasting. I bet the music don’t sound like the driver looks.

Our people were looking for answers. They were looking for a culture. They were looking for a history and heritage. They were looking for an identity.... and the enemy was ready and waiting to provide one for them.

Next time we will take a look at enemy’s stronghold and headquarters, Hollywood.

# Lamp-Trimming Time

Scriptures for America DragonSlayer Volume 2, 2025

## It Is Lamp-Trimming Time By Howard Rand

Remember the Parable of the Ten Virgins, Matthew 25:1-13... Because it is a parable, the virgins, the lamps, and the oil and light are allegorical of conditions and events heralding His Advent, when Lord Jesus Christ will rejoin His followers and claim His Kingdom.

If the oil represents the Holy Spirit (who is the source of revelation), then in view of Paul's statement; Know ye not that your body is the temple of the Holy Spirit which is in you...

It would follow that the believer's body is the vessel containing the oil. The Lord declared of the Holy Spirit that He is the Spirit of Truth (John 14:17), and also the Comforter.

*...whom the Father will send in My name, He shall teach you all things. And bring all things to your remembrance...*

**John 14:26**

We readily see the essential importance of the wick in the lamp, for the oil in the vessel must work through it to give light.

From the expression in the verse quoted above, teach you all things, we also perceive the Holy Spirit works through the mind of the believer to increase his understanding. Thus, the wick of the lamp is analogous to the mind of the Christian as the oil of the Holy Spirit saturates it to provide the needed illumination.

It was the light-giving qualification of Spirit-filled men and women that the Lord had in mind when He said to His disciples;

*Ye are the light of the world. A city that is set on an hill cannot be hid. Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house. Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.*

**Matthew 5:14-16**

When the disciples were endued with power at Pentecost, they came into an understanding of the truth as taught by the Holy Spirit and their minds were opened to discern what they were previously unable to comprehend. As a result of the work of the Holy Spirit through their minds, power was given to them to become the light of the world.

When an observant person looks into the eyes of a truly Spirit-filled man or woman, he will see the reflection of the light within, while the eyes of an unbeliever are often dull in comparison because they do not mirror a soul filled with the light of the Holy Spirit.

The worldly wise may be well educated and brilliant by all the standards of modern intellectualism, yet because the light within is darkness, they are void of the wisdom which is the gift of God through His Holy Spirit.

In conjunction with Christ's statement that the Christian is to let his light shine before men so that his good works may glorify the Father in heaven, Matthew records Christ's accompanying remarks concerning the necessity to obey even the least of the commandments. Christ stated that the righteousness of His followers (i.e. their keeping of the Law) must exceed that of the scribes and Pharisees and He gave a specific reason.

# Lamp-Trimming Time

## Scriptures for America DragonSlayer Volume 2, 2025

*For I say unto you, That except your righteousness shall exceed the righteousness of the scribes and Pharisees, ye shall in no case enter into the kingdom of heaven.*

**Matthew 5:20**

When the spirit of the Christian is all but strangled by the cares of this life because he fails to acknowledge the necessity to be obedient to the commandments of Christ, the Holy Spirit is unable to dwell within. Also, when the mind of the believer becomes clogged by erroneous information, false doctrines, creeds and dogmas, the work of the Holy Spirit is frustrated because the mind is no longer susceptible to His leading.

Thus, the light that at one time burned brightly grows dim and in some cases flickers for a while and then goes out. The accumulation of a host of ideas, opinions and beliefs which do not conform with Scriptural truth is responsible for the failure of many Christians to have the spiritual insight with the Spirit is always ready to impart but cannot do so when the mind is unable to assimilate the truth...

Because of the many years during which much misinformation, especially concerning the prophetic portions of the Scripture, has been taught as truth, it is not surprising that even Christians who have the oil of the Holy Spirit are in darkness as to the messages of the prophets and the imminence of the coming of Christ, as well as the chronological significance of the times and seasons in which we are living.

Nor is it to be wondered at that many know little about the Bible because the long-practiced method of spiritualization, which obscures the literal meaning of much of its great story. This is the reason why such a surprisingly large percentage of Christians, even church leaders, who have been born again and have the Holy Spirit, seems to have no light on the relation of present-day happenings to what the prophets foretold.

It also accounts for the blindness in part (Romans 11:25) of so many which is designated in the Parable of the Ten Virgins as a state of slumbering.

Before it will be possible for these Christians to have the light that will give them understanding, a drastic change of mind must take place. By an analysis of the story of the virgins we are given to understand that under the pressure of events they will awaken to the fact that they must discard the whole accumulation of long-accepted errors concerning the interpretation of the Scriptures. It will be realized at that time that they must repudiate the Futurist method of prophetic interpretation, which, being based upon the spiritualization of much of the teaching of the Word of the Lord, will have been proved utterly un-Scriptural.

This will, in some cases, require a major cutting away of a hardened overcoating of superficial spirituality, for many Christian leaders have not only preached a subverted doctrine of prophetic interpretation, but some of them have also gone on record in print as an authority of the Scriptures based on these erroneous conclusions.

What will be the event, or events, to bring about this sudden change, causing those who are asleep to be startled into a realization of their great need for light? It is certain that their nature will be such that there will be no question as to the meaning of what is taking place...even to the extent of bringing home to all their need to slough off every excrescence beclouding the mind and spirit.

This is the significance of lamp-trimming time.

The first result of the removal of the encrustation from the wick of understanding will be the shole hearted acknowledgement of the truth concerning the identity of the Israel of God.

# THE DEATH OF JFK, JR.

## Scriptures for America DragonSlayer Volume 2, 2025

### **The Story**

On Friday evening of July 16, 1999, John Kennedy Jr., along with his wife Carolyn and sister-in-law Lauren Bessette boarded Kennedy's private plane, and took off from Caldwell, New Jersey, at about 8:45 p.m. (ET). They were flying to the Kennedy compound at Hyannis Port with a stop at Martha's Vineyard in between. The plane never arrived. Kennedy and his wife had planned to attend the Saturday wedding of Rory Kennedy, the youngest child of late Senator Robert F. Kennedy. The plane crashed in the waters off Philbin Island. The «official» story was that the crash was an accident. But was it?

### **The Crash**

The FAA radar tracked Kennedy's plane crash. The U.S. Coast Guard has reported that Kennedy contacted the tower on his final approach. The radio contact was made at 9:39 P.M. The plane was about 13 miles from the airport and 10 miles from the coast, according to WCVB-TV news in Boston. Kennedy reportedly said he was making his final approach. Moments after this call radar operated by the FAA showed the plane went into a sudden dive, dropping 1,200 feet in just 12 seconds, according to ABC News. Some pilots have stated that Kennedy would have to purposely hold the wheel completely forward for it to take a nosedive into the sea. So why would Kennedy commit suicide?

### **The Search and Recovery**

FAA regulations require that a search begin immediately when a plane reports itself on final approach and does not land within about 10 minutes. Yet it took them 14 ½ hours to send the first planes and boats to Martha's Vineyard. 2 Did this delay occur so someone could be first on the scene before the search team?

All planes have an Emergency Locator Transmitter (ELT), which sends out a beacon signal in case of a crash. Yet it took 5 days to locate Kennedy's plane. Why can't the best search and rescue vessels, which included dozens of ships, aircraft, and submersibles, and utilizing thousands of man hours from various civilian and military agencies, find a plane when its general location was already known?

Why did the search team strangely include the CIA? Why was the press not allowed within miles of the recovery site? Why were helicopters forbidden from taking pictures from above the site? What fear did this present to the Feds?

### **Rushed Autopsy**

Within about 24 hours of the supposed remains of JFK Jr, his wife and sister-in-law being «found» by Navy divers, autopsies were quickly performed, the bodies cremated and the ashes scattered at sea. The press was not allowed anywhere near any of these activities. Pathologists are required to follow complex rules for testing a pilot for drug and alcohol use in any accident. In this case, they failed to follow those rules. The secrecy of the autopsies, the extraordinary speed with which the autopsies were performed, and that it is unusual for Catholics to cremate, makes the whole scenario quite unusual and a little suspicious. A thorough investigation cannot be had by a few hours autopsy for three people followed by an instant cremation. The rush was on them to bury the evidence. All of the circumstances of these events would not be in accordance with the official report that the plane had simply impacted the water, leaving the bodies intact. The events and circumstances of what did happen with the bodies would support the evidence that the plane was destroyed in a mid-air explosion, leaving the bodies burnt and severely lacerated and dismembered.

### The Pilot

The initial media explanation for the crash was «pilot error.» For example, the L.A. Times reported: «The accident that killed Kennedy was...caused by an inexperienced pilot . . . The NTSB concluded in its final report.»<sup>3</sup> Actually, the NTSB report shows that Kennedy was highly experienced, being described by his trainers as «excellent,» «methodical,» and «very cautious.»<sup>4</sup>

To buy into the «Kennedy was incompetent story» the public would have to believe he was so stupid and ignorant that he couldn't read the instruments set before his eyes. Kennedy had over 300 hours of flying experience and was about to receive his instrument flight rating.

### Weather Conditions

Since the «pilot error» explanation did not fit the known facts, it had to be dropped, and a different explanation for the crash had to be presented. The government, through the National Transportation Safety Board (NTSB), announced that «spatial disorientation» caused the crash. The NTSB said that Kennedy became «disoriented in the haze,» which led to the crash.<sup>5</sup>

The media distorted the facts even more. According to the Boston Herald, radar data indicated that Kennedy was so disoriented that he made a «series of unusual maneuvers» before the crash.<sup>6</sup> But this was the media's version of the NTSB Report, which describes Kennedy's plane making two mild explainable maneuvers on his approach, and then the plane plunged drastically to the right and plummeted straight down. Also, Kennedy's last radio contact indicated no problems or «disorientation» of any kind.

The weather radar data for the time of the plane's destruction are strangely missing from all available records. But data from a scant hour after the time Kennedy's plane was destroyed shows atmospheric conditions at Martha's Vineyard to be excellent, with literally no haze whatsoever.

A weather report just prior to the plane's crash also shows that atmospheric moisture and haze was very minimal. The NTSB quoted the Tower manager saying that there were «stars out» and visibility was «between 10 and 12 miles.»<sup>7</sup> Witnesses corroborate these facts. So the story of a «very thick haze» causing Kennedy to become completely disoriented is false. The media is clearly lying about the weather conditions.

### The Airplane

Kennedy's plane was a single engine Piper Saratoga aircraft built in 1996. It was outfitted with every possible bell and whistle available, as well as the most up-to-date communications devices. The plane also had autopilot, capable of flying itself within 100 feet of the airport.

Kennedy's plane had a «black box.» No other private non-jet plane on earth had one. Kennedy had it installed because he felt someone wanted to kill him and wanted to make it hard to do. But the National Transportation Safety Board (NTSB) said the battery had been removed, disabling any record of conversation in the cockpit.<sup>8</sup> Who removed the battery? When was it removed?

### Witnesses

A reporter for the Vineyard Gazette newspaper told WCVB-TV in Boston that he was out walking Friday night about the time of the crash and saw «big white flashes in the sky» off Philbin Beach. On the Saturday morning after the crash, this reporter was interviewed by ABC-TV, saying that he had seen a «flash in the sky» west of Gay Head about 9:40 p.m. the night of the crash. Calls to the Gazette the following week were stonewalled. A woman answering the phone first said that there was no such incident or reporter who worked there. Then she remembered that the «flash in the sky» had been identified by investigators as «fireworks from Falmouth

# THE DEATH OF JFK, JR.

## Scriptures for America DragonSlayer Volume 2, 2025

and «had gone back to college.» This is rather bizarre since Falmouth Beach is some 25 miles in the opposite direction from the area where the flash was reported. Someone was obviously trying to cover something up. Another witness was Victor Pribanic, a lawyer who owned a cottage on Martha's Vineyard and fishes there often. On the Friday night of the crash, he was in the water at the extreme western end of the island, nearer to the crash scene than anyone else could be without a boat. While he cannot be precise about the time, Pribanic remembers hearing an explosion, «a loud bang,» which was etched in his memory strongly enough to immediately recall it when he learned the news of the missing Kennedy plane the next morning.

A doctor, who was part of the Kennedy wedding party and was on the beach at the Vineyard, is reported to have given testimony to FAA investigators that he saw an explosion in the sky in the direction of the crash at the exact time the incident occurred. The «official» story of the media is that there were no witnesses to the event.

### **The Wreckage**

No one was ever allowed to see a shred of the wreckage from Kennedy's plane. No news reporters or anyone were allowed to film or photograph the smallest aspect of the wreckage. What was so secretive about the wreckage evidence that no one could see it?

One wire service reported that «the tail of the aircraft was missing» from the plane. This would have made the plane front heavy causing it to dive down quickly, as the radar reports indicate. All of this is consistent with a bomb exploding in the tail section of Kennedy's plane. According to the NTSB report, the fuel valve had been shut off.<sup>9</sup> This valve had a safety device on it so that it could not accidentally be turned off. Who then turned it off and why? Also, Kennedy's flight logbook was missing.<sup>10</sup>

### **Private Investigations**

Due to the potential for the media to alter stories and cover-up facts, several investigators went to the scene to find the truth of what happened. One was John DiNardo, who tried to confirm that John Kennedy Jr. «Took A Hit» within 90 seconds of the time he was talking to the Airport Control Tower, confirming everything was A-OKAY on his approach for landing. DiNardo went to Corporate Media Services, whose business it is to keep archival records of everything that transpires on the local television stations. DiNardo asked for what was aired on July 17, 1999, the day after Kennedy was killed. Knowing that the Media bosses who manage the Media would try to hide all evidence that a crime had been committed in the Kennedy killings, John DiNardo wanted to secure «Hard Evidence» that the story had been altered to support the Government's «SPIN.» When an event is very new certain truths are often told in those first reports, before anyone can alter or edit the information. The video tapes secured by DiNardo confirms conclusively that the «Powers That Be» had their «Spin Doctors» delete evidence from the mainstream media. They deleted the report that Kennedy had radioed the Control Tower at Martha's Vineyard at 9:39 p.m. on the night of his death and was in full control of both his plane and his mental faculties. The radio contact story was deliberately removed from archived tape transcripts of WCVB-TV Channel 5's broadcast of July 17, 1999. In that story U.S. Coast Guard Petty Officer Todd Burgun, at approximately 12:35 p.m., reported to WCVB about Kennedy's radio contact the night before. This report by the Mainstream media was made several times, and then it disappeared never to surface again.

Most interestingly as well, is that WCVB news anchors reported several times the story of the reporter for the Vineyard Gazette who saw an airborne explosion in the vicinity of Kennedy's plane when on Philbin Beach. This information was also covered-up and outright denied by all relevant parties and agencies in all government and media accounts of the event. This is strong evidence that the son of President John F. Kennedy was

### Political Motives

We now have to ask, why would someone want to kill John Kennedy Jr.? The media did not even consider the notion of a motive. Any good detective would look for a possible motive. The motive could not be for money, as no one would benefit financially from his death except his own family which were already plenty rich. The only motive that could exist would be political. But Kennedy was not a politician. Well, not yet, he wasn't. It was known to many of Kennedy's friends that he was about to announce that was going to run for U.S. Senator in New York, against Hillary Clinton. He could have easily won as he had the popularity, charisma, fame, and money to get elected, and unlike Hillary, there was no scandal in his past.

Kennedy had also told his family that he had plans to announce he was going to run for president.

His relatives, however, warned him that the U.S. Secret Service would not and could not protect him, just as they did not protect his father. The head of the original Secret Service, Lafayette C. Baker, was part of the plot to murder President Abraham Lincoln.<sup>11</sup> The presidential guards likewise permitted an assassin to murder President James Garfield and President William McKinley. Further, the Secret Service allowed a plot to go forward to murder President Ronald Reagan in 1981. A close friend confided to Newsweek (July 26) after Kennedy's accident that, «Kennedy was routinely asked by New York Democrats to be a candidate for public office.» Kennedy had turned down Democratic presidential candidate Al Gore's offer to run with him as vice president in 2000. Instead, Kennedy decided to announce a week or two after the crash his candidacy for the U.S. Senate in 2000.<sup>12</sup> A Kennedy victory for U.S. Senator in New York would certainly have established a foothold for a future shot at the presidency. That prospect would be of great concern for the ruling establishment. Why didn't the media report on the intentions of JFK Jr. to be a political candidate?

While Kennedy was not yet in politics, he was quite political and knew of the control that exists in politics and the media. Kennedy expressed much of his politics in his magazine which he named George. The magazine was launched with a bang in September 1995 and set the media world reeling with speculation and concern. With a circulation of 430,000, it was the largest circulated and most-read political magazine in the country.

JFK Jr. was the only Kennedy to acknowledge a conspiracy surrounding his father's death, the late President John F. Kennedy. He not only acknowledged it, he published an article by Oliver Stone in his magazine, George, about assassinations, conspiracies, and lying history books. Contact magazine, among others, says that young JFK Jr. knew who killed his father and was willing to spill it to the American people, once he reached an ivory tower sufficient to be heard, in particular, the White House. He also may have planned to use his magazine to expose the culprits. In his last editorial in George, Kennedy spoke about «the fight against the forces of evil this summer.» What forces did he mean?

Can it be believed this was an accident in light of all the political aspects surrounding Kennedy's activities and potential activities? As Franklin Roosevelt said: «Nothing in politics happens by accident. If it happened, it was planned that way.» The flight Kennedy made was a planned trip, and thus foreknowledge of the plane trip could have been known to a professional assassin.

### The Israeli Connection

Barry Chamish, an investigator and Israeli citizen, believes that it was the Israeli spy agency (the Shabak) that «hit» John R Kennedy Jr. Chamish says it was because Kennedy ran a 13-page expose on Israeli secret services involvement in the assassination of their own Prime Minister, Yitzhak Rabin. Kennedy also talked about why Netanyahu had been deposed. Chamish also says that Kennedy was about to meet high-ranking Mossad officers

### Conspiracy or Accident?

After examining the facts and evidence, can anyone honestly believe the «official» story about John Kennedy Jr.'s plane crash? Who today really believes the official story about the deaths of President Kennedy or Bobby Kennedy? Most do not. What about the official story about the attempted assassination of George Wallace or President Ronald Reagan? Someone wanted them dead. What about the official story about the assassination of Martin Luther King? There is sufficient evidence to expose it as false. Can we believe the story about the Pan AM/Lockerbie plane crash? I don't. Can anyone believe the facts about Waco, Ruby Ridge or the Oklahoma City bombing? Not anyone who has examined the evidence. How about the crash of TWA Flight 800? What about the extremely suspicious ongoing chain of mass murders being carried out in schools, offices, freeways and elsewhere across the nation? There are many facts and bits of information on these shootings that is always withheld by the media and government. The nagging question is, why?

All of these criminal events and many more point to some manner of involvement by the highest levels of government. The people involved may be «behind-the-scenes» and not actually in office, but yet have tremendous influence in the government and media.

But such things are dismissed as wacky «conspiracy theories» which have no merit, since no one in such high positions are ever found guilty of such crimes. Well, here is a basic fact that you should always remember. If a criminal (or his agent) is allowed to investigate his own criminal activity, handle the evidence involved in his criminal act, and control the news stories about his crime, he will never be found guilty of anything. In fact, he will never even go to trial.

Under the U.S. Constitution, the right to investigate all of these crimes mentioned, resided with the individual States. Thus, in whatever county the crime occurred, the investigation should be by county investigator and district attorneys. The county sheriff was responsible for arresting the alleged criminal and controlling the evidence of the crime. The trial would be in a county court. But the Federal government has usurped authority in such matters, taking control of all investigation, evidence and witness reports. This usurpation was necessary to conceal and cover-up the criminal activities of the ruling powers.

One last word. All evidence concerning the crash that was discovered by the FBI have been «classified» and thus closed for 30 years, until July 22, 2029. This was against the wishes of the Kennedy family. Do you need any more proof to convince you of foul play?

that maintain or enhance the life in the food.

The poetic techniques produce...foods that have been celebrated for centuries and are considered gourmet delights today.

Preserving Food Without Freezing or Canning offers more than 250 easy and enjoyable recipes featuring locally grown and minimally refined ingredients. It is an essential guide for those who seek healthy food for a healthy world.

For the Kitchen Poet  
Who Rhymes

“Nutritious” with “Delicious”

Typical books about preserving garden produce nearly always assume that modern “kitchen gardeners” will boil or freeze their vegetables and fruits.

Yet here is a book that goes back to the future—celebrating traditional but little-know French techniques for storing and preserving edibles in way that maximize flavor and nutrition.

This book deliberately ignores freezing and high-temperature canning in favor of methods that are superior because they are less costly and more energy-efficient.

“Food preservation techniques can be divided into two categories: the modern scientific methods that remove the life from the food, and the natural ‘poetic’ methods
